Form for "Organization Background"

Background information about the applicant organization.

**Briefly describe your organization's history, mission, and goals.**

(No response)

**Is your organization a current 21st CCLC grantee?**

(No response)

**If you answered YES to the question above, please explain how the work proposed here is separate and distinct from work you are currently funded by the 21st CCLC program to do.**

(No response)

**Please describe any work your organization has done or is doing in partnership with NOAA. Provide information about your organization's experience working on NOAA-related education projects or implementing projects that draw on NOAA assets such as data, resources, expertise, or places.**

(No response)

**Please provide information about the institutional capabilities of the organization and qualifications of the project team that will be involved in the project.**

(No response)
How many 21st CCLC sites do you propose to partner with?
(No response)

Please download the 21st CCLC Partner Information template by clicking the button below.
Once you have downloaded and filled it out, please upload it below.

21st CCLC Partner Information:

Please upload an excel document with information about your proposed 21st CCLC site partners. Please complete the template provided to the best of your ability.

21st CCLC Partner Letter(s) of Collaboration - Please include letters of collaboration from the 21st CCLC partner site(s).

Letter(s) of Collaboration from 21st CCLC program/site partner(s) is a required part of the application package. Letters should make clear that proposed partner sites have support to participate from their program and state, understand their role, and are committed to participating for the duration of the project.

Form for "About Your Project"

Please provide some basic project information here. You will be able to provide a full project description later in the application.

**Project Title**

(No response)

**Project Summary**

*This is a brief overview of the proposed project.*

(No response)

Total Project Cost
(No response)

Which watershed region will your project address?
Program geography is structured around the NOAA B-WET program watershed regions. See Appendix 1 of the RFP.
(No response)

Form for "Project Description"

NOAA-21st CCLC WATERSHED STEM EDUCATION PARTNERSHIP GRANT PROJECTS

Please provide a detailed description of your project, including but not limited to: audience(s) the project will target and the need for implementing the project at the specific 21st CCLC site(s); description of project activities including how the project proposes to implement the various components of a Meaningful Watershed Educational Experience (see Appendix 3 of the request for proposals); and how the project supports the priorities of the 21st CCLC site partner(s).

Please refer to the RFP for more guidance.

Example of pilot projects can be seen here.
**Project Description:**

Please upload a detailed description of your project *(10 page limit)*.

**Project Timeline:**

Please provide a detailed *monthly* timeline of activities that students and 21st CCLC staff will participate in for your project. All projects funded under this initiative must be completed by December 2021.

Please identify specific NOAA partners and assets to be used, such as NOAA science, sites, resources, and/or expertise.

(No response)

Please identify any other major project partners.

(No response)

Please include any letters of collaboration from major project partners other than 21st CCLCs.

**Form for "Project Impact"**

**Grant Impact**

Describe the intended outputs and outcomes of your project and how you will measure success. Please refer to the RFP for intended outcomes of the NOAA/NAAEE-21st CCLC Watershed STEM Education Partnership grants.

What outputs will you collect and how will you measure and track them? Please include the anticipated number of students to be served by this project.

(No response)
Please provide a project-level evaluation plan appropriate for the size and type of project proposed. Data collection may be quantitative and/or qualitative and may include, for example, evaluation tools and surveys or observations. Please identify any pertinent rules and policies regarding data collection with program audiences and how you will address them with your evaluation approach.

(No response)

Please provide details on 21st CCLC site partner evaluation plans and metrics, if available.

(No response)

Please download the budget template by clicking the button below. Once you have downloaded and filled it out the third tab, Blank Y1 & Y2 Budget Template, please upload it back to this task. Please add additional rows as necessary.

Form for "Budget Narrative"

Budget Narrative

Please provide any additional information needed to enable a clear understanding of the project budget. If appropriate, include a description of any in-kind resources or equipment that will be provided to support this project. Please ensure that your project budget covers all costs associated with 21st CCLC site partner participation.

(No response)
Form for "Grant Responsibilities"

GRANTEERESponsibilities

Awardees must submit an interim and final performance report to NAAEE each year of project implementation. The final project report will be due upon project completion, no later than January 31, 2022 or 30 days following the award end date, whichever is sooner. Financial reports will also be required. Progress reports and the final grant report must include photos and/or videos of project activities as well as curriculum products and other resources for inclusion on the U.S. Department of Education (U.S. ED) for Youth professional learning portal (y4y.ed.gov). Additional guidance on reporting and curriculum products and resources to be submitted will be provided to grantees in Year 1 of the project.

Evaluation

Project evaluation results will be reported to NAAEE and may be included in NOAA and U.S. ED’s evaluation work. In addition to project evaluation, grantees may also be asked to participate in NOAA’s program evaluation and/or an evaluation study led by U.S. ED.

Do you commit to participating in the program evaluation?

No Responses Selected

Product Sharing

Grantees will be asked to collaborate with NAAEE and NOAA to produce content for the Department of Education’s You for Youth professional learning portal (y4y.ed.gov). Do you commit to provide NAAEE, NOAA, and U.S. ED with curriculum, photos, videos, and/or other relevant work to showcase project activities in print and online?

No Responses Selected
