

GREAT LAKES WATERSHED FIELD COURSE August 15-18 2022

Join us for four days of adventure and learning in the Grand Traverse region. **Visit projects that support watershed health and learn how to do similar work with your students.** Go sailing and collect water and biology data from our 77' schooner. **Develop a plan to implement a student stewardship action project for your watershed.** Meet other passionate 3rd-12th grade teachers from the Great Lakes region and expand your knowledge and skills.

Participants receive a mini-grant to implement a project and a class scholarship for an ISEA shipboard experience. **There is no charge to participate but space is limited.** Deadline to apply is April 29, 2022.

To learn more and apply, **visit schoolship.org/glwfc.**

Funded by a NOAA B-WET grant

Great Lakes Watershed Field Course Testimonies

“Exceptional quality learning experience. I haven’t had something this engaging in my educational career since graduate school that ended in 2003.”

“The PD gave me concrete tools to use in the classroom and connected me with other teachers that shared great ideas. It gave me inspiration and a method for helping students solve problems.”
